# Thermahood - Downlight Covers

## Technical Data

Thermahood has been tested in compliance with Building Control Doc. F 'Conservation of Fuel and Power' and BS EN 1026: 2000 Window and Doors – Air permeability – test method.

Air tightness & Thermography Tested  
Test Ref. No. SRC 04/13 (AA17549A  
Atlantic Air Testing) Test Ref. No.  
SRC 05/13

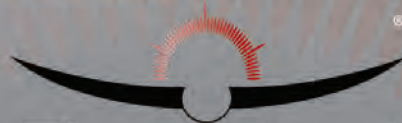

Tested to BS EN 60598-1 & BS EN  
60598-2-2

Flammability & Fire testing to UL94 &  
IEC 695-2-1

## Benefits to user

- Reduce Heat Loss
- Reduce Draughts
- Improve Air Quality
- Flame retardant material
- Reduce the risk of condensation
- Conforms to BS 5250 : 2011 : 3-3
- BS EN ISO 9001:2008
- Tested to BS EN 60598-1 & BS EN 60598-2-2
- Fitting Thermahood will help you to meet requirements for Building Regulation 2.3
- C2 - Condensation
- L1 - Insulation And Air Leakage
- E1 - Sound Protection
